

"Can they really make a lawn beautiful without using chemicals?", whispered Roger.

# They Laughed When I Said You Could Have a Beautiful Lawn Naturally But When They Saw...!

THE BEST KEPT SECRET!

My colleagues gossiped. They whispered. They thought I was ~~crazy~~ INSANE. But now I have the last laugh as my lawn looks lush green. I am constantly harassed by neighbors DEMANDING to know what chemicals I use?!

turn a long lesson into 3 simple words.

FEED THE SOIL!

Honestly, at first I didn't believe it myself. How could a simple, "unthinkable" technique create such an amazing result? I myself, almost passed over learning about this amazing tool, but luckily my wife Sophia insisted I learn it.

Yep, that's it! The 4 step program guys would call this "blasphemy". I call it ingenious.

your money while doing it. I'm begging you to save your money. I'M BEGGING YOU TO SAVE YOUR MONEY!

So I put aside my doubts and decided to learn more. That's when I realized...

**This Is Top Secret Information Those Other Companies don't want people to UNDERSTAND! This could be scandalous.**

You wouldn't want to miss out on saving money? Well either would I! That's why I did my research and have become an Accredited Organic Landcare Professional to help save you \$\$\$ . **Turf Trends** can give you that lush lawn or natural landscape that you always dreamed about.

I was astounded to find out that townships such as Bernards and Hamilton discovered the secret.

I said to my wife what will people think about this trend. How would anyone in their right minds believe me when I tell them this "SECRET." So to convince you, I thought about hiring some famous scientist such as, Charles Darwin to teach the biology of this secret; but let's be honest, who has the time for a science lesson. So I am going to
